10 v.

11 SUSHOVAN TAREQUE HUSSAIN,

12 Defendant.

Case No. [16-cr-00462-CRB-1](#)

**ORDER DENYING HP'S MOTION
TO WITHHOLD CERTAIN
DOCUMENTS PURSUANT TO
ATTORNEY-CLIENT PRIVILEGE
[257]**

13 Hewlett Packard argues in its most recent filing (dkt. 257) that ten relevant
14 interviews by PricewaterhouseCoopers and one by Choate are privileged based on their
15 connection to ongoing litigation in the UK. Though HP has had two opportunities to make
16 this argument before with regard to these documents (see dkt. 110 & in camera submission
17 re: Jan. 3 subpoena), it has not. The Court notes that HP asserted privilege in connection
18 to the UK litigation with respect to one of the interviews by Choate (exhibit 5), but this
19 interview is not among those the Court has required HP to produce in this litigation.
20 Accordingly, HP has waived this argument. It is **ORDERED** to produce forthwith the
21 withheld documents identified in dkt. 257. It is further **ORDERED**, where it turns over to
22 the defense redacted interview summaries, to file under seal with the Court a copy of the
23 interview indicating the redactions so that the Court can assess any claims of privilege.
24 Any privilege arguments that HP has made in previous filings is preserved and will be
25 considered—HP need not submit additional briefing regarding privilege.

26 **IT IS SO ORDERED.**
